

Solar cell module factory in Nigeria

Overview

In October 2025, Chinese solar giant LONGi and the Energy Commission of Nigeria (ECN) concluded strategic cooperation negotiations at its headquarters in China. Both parties agreed to advance the establishment of a solar cell/module factory in Nigeria with a capacity of 500-1,000. The Federal Government has announced a major step in its renewable energy drive with the signing of a landmark agreement to establish a 1,000-megawatt solar photovoltaic panel manufacturing facility in Nigeria. Nigeria's state-owned Rural Electrification Agency (REA) has.
