

# Solar inverter state-owned enterprise bidding

## Overview

---

The top five companies securing bids— Sungrow, Huawei, Sineng Electric, Zhuzhou Converter, and TBEA—accounted for nearly 85% of the total procurement volume, maintaining their dominance in the market. State-owned enterprises are actively pursuing solar equipment tenders to capitalize on this growth. In the first quarter of 2024, over 62.44 GW of solar inverter procurement bids were announced, up by 32% compared to the same period in 2023. String inverters dominated the market, accounting for 80%. According to the incomplete statistics of public information and enterprise surveys, 51 inverter bidding projects were finalized from September 20 to October 20, with a total capacity of 8. Find global tender information, RFPs, RFQs, ICBs, bidding. Our platform offers unrestricted access to eProcurement notices, eTenders, Tender results, and corrigendum updates from 600,000+ government and private tender websites, eProcurement Portals and newspapers from around the world. These include government RFPs, RFTs, RFIs, RFQs in Renewable energy from federal.
