

# Solar panel solar power generation installation in Chad

## Overview

---

As a leading solar installation company in Chad, we specialize in designing and implementing customized solar projects for residential, commercial, and industrial clients. Our team of highly skilled engineers and technicians ensures seamless installation and efficient. As part of the implementation of the Chad Energy Access Expansion Project (PAAET) - part of the Mission 300 initiative - 145,000 solar kits are being distributed at subsidized rates to households across the country's 23 provinces. Each kit, valued at \$100, is sold for the equivalent of \$20. The Abu Dhabi-based Global South Utilities (GSU) has officially inaugurated the Noor Chad 50 MW Solar PV Plant in N'Djamena — a landmark project that marks the first large-scale solar installation in Chad's history. It was officially opened. Chad has exceptional solar energy potential, with annual average solar irradiation levels ranging from 5. With our expertise and commitment to excellence, we have earned a reputation as one of the best solar EPC companies in the Chad.
