

Southern European super farad capacitor brand

Overview

This article profiles the top 10 global supercapacitor manufacturers providing state of the art ultracapacitor cells and modules catering to varying energy, power density and form factor requirements. In 2025, global shipments of super capacitors are expected to exceed 1.4 billion units, driven by their growing adoption in electric. According to Statistics MRC, the Global Supercapacitor Market is accounted for \$5.16 billion by 2030 growing at a CAGR of 14.
