

# Specialized transparent glass for photovoltaic panels

## Overview

---

A comprehensive range of TCO (transparent conductive oxide) glass is used in the manufacture of thin plate panels used in the direct conversion of solar radiation to electricity. New Way photovoltaic solar panel glass features High light-transmittance, Strong Hardness, Aesthetic Improvement, Light-weight, and Customizable. What Is Tempered Borosilicate Glass to DIN 7080 and Where Is It. Onyx Solar is the global leading manufacturer of photovoltaic glass for buildings. Since 2009, we have completed more than 350 projects in 50 countries. Our current yearly production capacity is 2 million sq.
