

Swedish-made home solar integrated machine

Overview

See how this classic red cottage in Grisslehamn, Sweden, produces its own energy with a 2-in-1 solar roof. This high-capacity BIPV system features 24.97 kWp of solar energy built directly into premium metal modules. Our integrated solar roof combines Nordic design with premium materials and highly efficient solar technology. The most powerful and sleek roofs with integrated photovoltaic cells. This 2025 guide reveals how bifacial panels, 24kWh batteries, and Sweden's sneaky solar subsidies turn Arctic darkness into a cozy, Netflix-binging. Midsummer is a Swedish solar energy company that installs discrete solar roofs that we manufacture in Järfälla with 90% lower carbon footprint than traditional solar panels. Tesla Solar Roof Tesla's Solar Roof is one of the most recognizable names in the industry. These tiles are made from tempered glass.
