

Swedish mobile battery energy storage system

Overview

Volvo Energy is excited to introduce the Volvo PU500 BESS (Battery Energy Storage System), a new mobile power unit designed to meet the growing demand for flexible, reliable power in the Scandinavian market. Sweden's largest energy storage investment, totaling 211 MW, goes live, combining 14 sites. Developer and optimiser Ingrid Capacity and energy storage owner-operator BW ESS have been. Sweden's Minister for Climate and the Environment Romina Pourmokhtari has inaugurated the largest unified battery storage portfolio in the Nordics, a pioneering initiative developed by Ingrid Capacity in partnership with BW ESS. Paris-headquartered Neoen has given full notice to proceed to Nidec following an engineering, procurement and.
