

Swiss high-performance solar container battery company

Overview

Swiss Clean Battery AG, headquartered in Frauenfeld, Switzerland, pioneers solid-state battery technology as a safer, eco-friendly alternative to lithium-ion. Headquartered in Switzerland, we deliver scalable, site-ready solutions that integrate battery technology, power conversion and intelligent energy. A German battery technology developer with a Swiss stock corporation, engineering next-generation solid-state batteries and supported by more than 300 private investors. To make HPB Battery Technology available everywhere, we license it worldwide instead of manufacturing ourselves. Whether in. As a Swiss Engineering, Procurement and Construction (EPC) specialist, we implement customised, modular battery storage solutions that increase your energy efficiency and reduce costs. Flexible, scalable and sustainable – all from a single source and close to you. Our customised battery storage. Lloyd's Register (LR) and Bureau Veritas (BV) certify that Navius MRS-3 meets the industry's highest safety and performance benchmarks Type Approvals underscore Leclanché. Energy production is changing towards renewable sources.
