

# Taiwanese energy storage project in Peru

## Overview

---

Global energy storage group NHOA, formerly Engie EPS, has been awarded a 30MWh battery energy storage system (BESS) to be developed in Peru. Summary: Peru's energy sector is undergoing a transformative shift, with independent energy storage projects taking center stage in national renewable integration plans. This article explores bidding dynamics, market trends, and actionable strategies for stakeholders participating in Peru's storage. Update the National Energy Policy 2010- 2040 that was approved by DS 034-2010-EM The purpose is to update the policy for the period 2023 - 2050 considering energy transition aspects, which includes ensuring energy security, achieving carbon neutrality goals, and addressing climate change. Engie Energía Perú will install the BESS at the site of the. Paris, 3 October 2023 - NHOA Energy, NHOA Group's (NHOA).

## Taiwanese energy storage project in Peru

### ENGIE Energía Perú will implement an Energy Storage System with

With an installed capacity of 260 MW, the future plant will become the largest wind farm in Peru. Thanks to its renewable energy production, it will avoid 240,000 tons of CO2 per year, which ...
