Overview

It's the perfect blend of traditional roof tiles and cutting-edge solar technology. Whether you're retrofitting an older home or designing a new one, our solar tiles can be customized to meet your aesthetic and energy needs. Sol-Up, a leader in the renewable energy sector, has established itself as a trailblazer in the installation of solar panels on flat tile roofs. Recognizing the unique challenges presented by this distinctive roof type, Sol-Up has engineered innovative solutions to seamlessly integrate solar. TERLI Solar Roof Tiles are designed to deliver both power and protection for residential and commercial rooftops. Coupled with premium photovoltaic cells, this delivers maximum solar efficiency in one beautifully integrated system. The building-integrated modules for tiled roofs interlock with nearly all flat concrete and clay tiles, leaving your home as beautiful as it. © 2026 Solar Tile Roof.
