

# What is Spanish QC solar glass

## Overview

---

Equipped with high-strength tempered glass and a corrosion-resistant aluminum frame, has an IP67 protection level, capable of withstanding harsh weather conditions such as heavy rain, snow, hail, and high temperatures. The design service life exceeds 25 years, ensuring long-term. Onyx Solar has partnered with Australian building products supplier Metz to provide a bespoke 247 kWp BPIV solution for the Atlassian Central tower currently being built adjacent to Sydney's Central Station. The 182 meter Atlassian tower combines a hybrid mass timber structure surrounded by a steel. Onyx Solar is the global leading manufacturer of photovoltaic glass for buildings. The company is based in Ávila, Spain, and has offices in the United States and China. Our current yearly production capacity is 2 million sq. QC Solar was successfully listed on Shenzhen Stock Exchange on Aug, under the stock name of QC Solar. Photovoltaic (PV) glass is revolutionizing the solar panel industry by offering multifunctional properties that surpass conventional glass.
