

Yili Photovoltaic Panel Project

Overview

As the largest rooftop distributed solar project currently planned and constructed in Qingyuan, the 4,326.85kWp distributed photovoltaic (PV) system at Qingyuan Yili Industrial Park is setting a new benchmark for industrial parks in the region, driving the transition toward a green. Home - solar module production line manufacturer and 100MW, 200MW, 500MW, and 1GW solar module production turnkey projects. fully automatic or semi-automatic production solutions for double glass modules, single glass modules, Perc modules, HJT, and Topcon modules. Round ribbon Solar stringer, 600MW. YiLi PV Tech Ltd. was established in 2008 and is one of China's pioneer manufacturers of photovoltaic module production equipment. We are a comprehensive high-tech enterprise offering integrated R&D, sales and marketing, manufacturing, installation, and after-sales service. China is giving incentives to encourage solar power generation. It also encourages market competition, so as to accelerate the development of about 7 percent of the cultivable land. So farlands could acity of 900 million kilowatthours.

Yili Photovoltaic Panel Project

Yili PV Tech Ltd. , Production Equipment , China

YiLi PV Tech Ltd., established in 2008, is one of China's pioneering manufacturers of photovoltaic module production equipment. We are a comprehensive high-tech enterprise offering ...
